Remembrance
Day

- **Democracy:** Teaching children the importance of their own and others' opinions and giving them opportunities to make choices, such as voting on a class activity or story.
- **The rule of law:** Helping children understand that rules and laws protect everyone and are necessary for a functioning society. This is reinforced by having clear school rules and discussing the consequences of breaking them.
- **Individual liberty:** Encouraging children to make their own choices and decisions in a safe and supportive environment, while also helping them understand their impact on others.
- **Mutual respect:** Promoting the idea of treating others with courtesy and consideration, and fostering positive relationships within the community.
- **Tolerance of different faiths and beliefs:** Teaching children to understand, appreciate, and respect those who have different faiths, races, cultures, and beliefs.
